

CLUB NEWS

JANUARY 2000

HAPPY NEW YEAR

We had a successful 1999 and learnt a great deal from the walks held during this first year. We have analysed the response to the 1999 programme and taken this into account when arranging the 2000 programme.

We are pleased to welcome Martin and Pat Overton to their new role as walks leaders, this is a great help to the club, enabling us to add to the variety and number of walks we can offer.

Thank you, to Derrick and Barbara Jones who are once again compiling our clubs walking programme for this year, if you would be interested in leading a club walk please contact Derrick or Barbara on 01937 832759, or Paul on 01937 834646.

Club Walks Programme.

This years programme will be produced six monthly and is currently being compiled, it will be distributed as soon as possible. We look forward to meeting you all on the walks this year.

The walks for January and February are printed overleaf.

Club Membership.

Could we please remind all club members that subscription run from January to December and subscriptions are now due for 2000. Could you please make your payment by February 29th 2000 thank you.
